OFFICE
1922
DEPT. OF INTERIOR

INTERIOR.-

The Board had under consideration a memorandum from the Honourable the Minister of the Interior reporting that on the 28th June, 1916, Daniel R. Cooley of Ellscott, Alberta, obtained a homestead entry for the South East quarter of Section 1, Township 64, Range 20, West of the 4th Meridian, under the provisions of Section 11 of the Dominion Lands Act, 1908; that he made application for patent on the 29th September, 1920, claiming performance of the necessary duties but it has been found on investigation that he has not completed the residence duties and he was consequently called upon to fulfil the conditions of his entry; that as it has been represented that Mr. Cooley is now physically incapable of completing his duties owing to an incurable malady (inflamation of the brain) it is considered that by reason of his interest in the land, there is justification for waiving the residence duties; that physical incapacity to fulfil residence would appear to be fully established by medical testimony and Mr. Cooley has otherwise established an equitable claim to consideration by reason of the improvements on the land, consisting of dwelling-house and barn of log and lumber construction, valued at $300.00 and $100.00 respectively, besides fencing and nearly nine acres of breaking.

The

The Minister of the Interior.

The Minister therefore recommends that under the provisions of Subsection 2 of Section 20 of the said Act that the residence conditions of the entry be done away with and that Mr. Cooley be granted patent for the land on proof of a compliance with the other conditions of the law.

The Board concur in the above recommendation and submit the same for favourable consideration.

Sir,

Re S.W.¼ of 3-74-16-W.5th M.
Reference 4285.

I beg to acknowledge the receipt of your letter of the 4th ultimo, enclosing a report by Homestead Inspector Key, and in reply would say it has been decided, after careful consideration of all the circumstances surrounding the case, to cancel the homestead entry of Mr. M.J. Lebans for the above described quarter-section and transfer thereto the homestead entry granted to Mr. Charles Big Charles for the North West quarter of the same section on the 17th August, 1908, free of charge. Kindly take the necessary action accordingly.

Mr. Charles may be informed that he is recorded by the Department as having completed the requisite residence duties and that he may make application for patent so soon as he can show the completion of the requisite cultivation duties, i.e. thirty acres of breaking, a reasonable proportion of which will require to have been sown to crop during each of two years.

You will be good enough also to notify Mr. Lebans that he is eligible, under the circumstances, for another homestead and that the entry fee paid in support of his application to homestead this land will be transferred to any other land.

Your obedient servant,

Assistant Secretary.

Sir,

I have a homestead in this locality N.E. 1/4 2 - 13 - 7 W. of 4th. and I am desirous of taking up a pre-emption on a portion near to me. N.W. of 2 - 13 - 7 W. of 4th. I have made an application for this quarter at The Land Office here, and they state that this land has been reported as unfit for farming by the Land Officer.

The water that I have on my own land is a very poor qaulity, whilst on this there is a spring that makes it a desirable piece for me. I feel certain that I shall be able to fufill the duties required if you will only give your permission.

The Land Office here mentioned that they could not grant the necessary permission without having your sanction.

I trust you will see your way clear to grant my request, and I shall esteem it a favor if you will let me know your decision at an early opportunity.

Thanking you in anticipation, I am,

This department has an old account against the above noted land for advances of seed grain to Ole L. Johnson in 1911, 1916 and 1922.

As we believe that this is Crown land, we should like to be advised of its present standing and whether it is likely ever to be used again for farming purposes.

Yours very truly,
